all company property upon transfer, resignation, or termination.

# Our Official Work Platform

Bitachon uses Google Workspace as its primary collaboration and document management platform.

# Communication Channels

**Many new employees struggle because they don't know where information is shared.**

- Corporate Email – Official communication
- Approved WhatsApp Groups – Operational updates
- Google Drive – Documents and templates
- Google Calendar – Meetings and schedules
- Google Meet – Virtual meetings

# Standardized Templates

To ensure consistency, accountability, and proper documentation, the Administration Department uses standardized forms and templates for routine requests and official communications.

## **Common Templates Used ( Insert Links)**

- Memo Template
- Letter Template
- Monthly Report
- OKR Template
- Meeting Summary
- Requisition Form
- Retirement Form

## **Why We Use Standard Templates**

- Ensure consistency across the organization
- Improve documentation quality
- Maintain accurate records
- Support compliance and audits

# Our Workplace Culture

*Culture is not what we say: it is how we behave every day.*

At Bitachon, our workplace culture is built on

- Professionalism
- Respect
- Accountability
- Teamwork
- Integrity
- Communication
- Continuous Learning

## **Attendance & Punctuality – Punctuality Matters**

Punctuality reflects professionalism and respect for colleagues, customers, and operations.

### **Employees are expected to:**

- Report to work on time.
- Be punctual for all scheduled meetings.
- Notify their manager/admin or HR team promptly if they will be absent or delayed.

# PROFESSIONAL CONDUCT & WORKPLACE ETIQUETTE

Every employee represents Bitachon and is expected to maintain the highest standards of professional conduct.

- Dress appropriately and maintain a professional appearance.
- Communicate respectfully and professionally.
- Maintain a clean and organised workstation.
- Respect shared workspaces and company property.
- Keep noise levels to a minimum in shared office areas.
- Use meeting rooms responsibly and leave them clean after use.
- Follow company policies and procedures at all times.
- Promote a positive and inclusive workplace environment.

**Remember**

# *Administrative Calendar*

| ACTIVITY                            | FREQUENCY |

| D          | Combustible Metals             | Magnesium, Sodium         |
| K/F        | Cooking Oils & Fats            | Kitchen Fires             |
| Electrical | Energized Electrical Equipment | Computers, Panels, Wiring |

# ***FIRE EXTINGUISHERS***

| Type                              | Colour Band                    | Suitable For                        |
|-----------------------------------|--------------------------------|-------------------------------------|
| Water                             | Red                            | Class A Fires                       |
| Foam                              | Cream                          | Class A & B Fires                   |
| Dry Chemical Powder               | Blue                           | Class A, B & C Fires                |
| Carbon Dioxide (CO <sub>2</sub> ) | Black with Horn                | Electrical & Class B Fires          |
| Wet Chemical                      | Yellow                         | Kitchen Fires (Cooking Oils & Fats) |
| Electrical                        | Energized Electrical Equipment | Computers, Panels, Wiring           |

# HOW TO USE A FIRE EXTINGUISHER

# EMERGENCY PROCEDURES FOR FIRE OUTBREAK

## Guidelines

- Exit routes in close proximity to your office have been properly labelled for easy identification and navigation
- Always keep exit routes clear of obstructions in case of emergency

## FIRE PREVENTION

- Keep the workplace clean at all times
- Maintain Electrical Equipment
- Prevent equipment from overheating as well as friction sparks.
- Turn off lights, computers, AC, and air coolers when not in use, especially after work hours
- Before leaving the office, double-check if all electrical equipment is turned off properly and has been removed from any electrical sources

## FIRE ALARM/SMOKE DETECTOR

- Never ignore the fire alarm
- Stay Calm (Do not panic)
- If fire cannot be extinguished, leave the place and notify the nearest fire service immediately
- Check your Immediate surroundings for any smoke or fire
- In a fire situation, closed doors provide you with protection and time to exit safely. Do not lock the door
- Stay Low if confronted with Smoke

# EMERGENCY RESPONSE PROCEDURE FOR

**FIRST AID** is the immediate care or treatment a sick or an injured person gets. It is a way to prevent the victim's condition from worsening and keep them alive until they are taken to the hospital.

## BASIC ITEMS IN THE FIRST AID BOX

- Scissors
- Blade
- Plaster
- Pain reliever (Paracetamol)
- Nose Masks
- Antiseptic Wipes
- Hydrogen Peroxide
- Gauze pads
- Burn Ointment
- Thermometer
- Safety Pins
- Eye Wash solutions
- Disposable Gloves

# WHEN TO USE THE FIRST AID BOX

- **Minor cuts and Scrapes**
- **Headache or pain**
- **Minor Injuries**
- **Temperature check**
- **Cuts from sharp Objects**
- **Burns**
- **Eye Irritation**

## WHY DO WE HAVE FIRST AID IN THE FACILITY

- **To treat Injuries quickly**
- **Risk of complications are less**
- **Relieves pain and discomfort**

# WORKPLACE SAFETY GUIDELINES

- Stay alert and attentive
- Lift objects carefully
- Keep Correct Posture
- Keep Exits clear of any obstructions
- Report any unsafe conditions
- Report hazards promptly
- Maintain Personal hygiene
- Keep the workplace clean
- Use break time
- Eat in designated areas
- Obey Caution Signs accordingly
- Wear appropriate safety gear (PPE)
